RE: San Dimas Recognized Obligation Payment Schedule

We desire to provide an explanation of the approved Recognized Obligation Payment Schedule submitted for the former San Dimas Redevelopment Agency.

The Oversight Board recognizes that in the Redevelopment dissolution process cityagency loans beyond the first two years of the formation of the agency are not be enforceable obligations under Health and Safety Code Section 34171 (d) (2).

The San Dimas Successor Agency has requested that these contractual city-agency loans be included as enforceable obligations for the following reasons:

- While they may not be recognized as financial obligations under HSC Section 34171 (b) (2), the loan agreements are never the less legal, proper, and binding financial obligations of the former Redevelopment Agency.
- 2. Cleanup legislation regarding redevelopment dissolution which would recognize these city-agency loans as enforceable obligations is currently moving through the State Legislature. The day cleanup legislation authorizing city-agency loans becomes effective; the Recognized Obligation Payment Schedule in place at that time will determine the allocation of money to address financial obligations. Therefore the Successor Agency requests that those city-agency loans be on the enforceable list for timely processing at the point any applicable cleanup legislation becomes effective.
- The Successor Agency feels the responsibility to ensure that the loans are properly repaid and therefore desires to preserve all options as may be necessary to ensure that the loans provisions are recognized and paid.

After considering these issues and upon the conditions described above, this Oversight Board has approved the submission of the attached Recognized Obligation Payment Schedule.
