Waiver Application for Mandatory Solid Waste Services

Trash – Recycling – Organics

Submit form to publicworks@sandimasca.gov

Beginning January 1, 2022, California Senate Bill 1383 requires all businesses and multifamily complexes to subscribe to 3-stream solid waste service: trash, recyclables, and organic waste through the City's franchise hauler Waste Management. As required by the State of California, these regulations were codified in the City of San Dimas Municipal Code for local enforcement. Certain properties may qualify for a waiver from these mandatory programs based on actual volume of waste produced.

To apply for exemption, complete this form for consideration. If the waiver is approved, you will be provided an approved copy for your records. The waiver is valid for 5 years unless waste levels exceed the allowable limits during that period. (Ex. Business changes from barbershop to restaurant).
