City of San Dimas Office of the City Manager – Update March 27, 2020

Latest Updates:

- The San Dimas Chamber of Commerce put together a restaurant, brewery, and café guide that they will be updating weekly with the most up-to-date information on restaurant services in the City of San Dimas. View the guide here: <https://sandimasca.gov/wp-content/uploads/2020/03/San-Dimas-Restaurant-Guide.pdf>
- The Los Angeles County's Department of Public Health has provided additional isolation and quarantine requirements for LA County residents as well as additional closures. The following are some of the updates:
 - Individuals who test positive for COVID-19, and those who are told by a clinician they are presumed to be positive for COVID-19, are **required to self-isolate** for a period of 7 days and 3 days of being symptom free
 - Those who have been in close contact with someone who is positive (or presumed positive) **must quarantine** themselves for 14 days from their last exposure to that person.
 - It is critical to continue to adhere to all socially distancing measures and practice good public health hygiene, including washing hands as frequently as possible.
 - All public trails and trailheads within the County of Los Angeles Public Health Jurisdiction are closed to the public as of March 27, 2020
 - All public beaches, piers, public beach parking lots, beach bike paths that traverse the sanded portion of the beach, and beach access points within the County of Los Angeles Public Health Jurisdiction are to be closed to the public as of March 27, 2020

- Governor Gavin Newsom has taken an Executive Order to establish a Statewide Moratorium on Evictions until May 31 for landlords and tenants
 - The order prohibits landlords from evicting tenants for nonpayment of rent and prohibits enforcement of evictions by law enforcement or courts.
 - It also requires tenants to declare in writing, no more than seven days after the rent comes due, that the tenant cannot pay all or part of their rent due to COVID-19.

- A message from Waste Management (WM):
 - With so many people working and sheltering from home, residential trash collection crews are seeing an increase in the amount of trash they are collecting. To help WM crews collect trash as safely and efficiently as possible, they ask that residents place all household trash in bags, and seal those bags, before setting them at the curb for collection
 - Reminder: Latex gloves go in the trash – NOT in the recycling container
