SB 205 Stormwater Discharge Compliance Form

Completion of this form is required with your business license application/renewal.
Business license certificates will not be sent until we receive this form completed.

Senate Bill (SB) 205, signed by Gov. Newsom in 2019, requires a person or entity who conducts a business operation that is a “regulated industry” to demonstrate enrollment with the National Pollutant Discharge Elimination System (NPDES) permit program. By providing specified information on an initial or renewal City business license application, enrollment in the NPDES permit can be confirmed. The goal of the program is to address the health and safety of drinking water sources statewide.

Business Name: _____

Location/Address: _____

Phone #: _____ **Email:** _____

Brief Business Description: _____
