FINAL GRADE CERTIFICATION

Job Address/Tract: _____ Permit No.: _____

Owner: _____ Contractor: _____

FINAL GRADING – COMPLETION OF WORK

BY FIELD ENGINEER

Based upon field observation, I certify the final grading of the lots specified below for the referenced project has been completed in accordance with Appendix J of the California Building Code. Grading has been completed on conformance with the approved Grading Plan(s) including, but not limited to, completion of required engineered retaining walls, required drainage devices installed, location and slope ratio for all manufactured slopes, construction of earthen berms, and positive building pad drainage. The recommendations of the Soils Engineer and/or Engineering Geologist have been incorporated into the work. All requirements specified in the Low Impact Development Plan have been installed where required and shall be maintained in perpetuity. In addition, all slopes are irrigated and planted in accordance with the the approved plan(s).
