

City of San Dimas

Mobile Home Lift Program

The City's Mobile Home Lift Program provides vertical platform lifts to San Dimas mobile home park disabled or handicapped residents of very low to low-income who otherwise could not afford to purchase one.

The program is designed to improve accessibility by assisting individuals who have difficulty getting up and down their stairs.

Household Eligibility Criteria

- Household income must be within the current year program income limits.
- Must reside in a San Dimas mobile home park.
- One or more individuals require the use of a wheelchair on a permanent basis (priority).
- One or more individuals require the use of a walker or cane on a permanent basis.
- One or more individuals are legally disabled/handicapped and have difficulties with mobility.
